

50 Years Turner Roofing & Sheet Metal

The Turner Roofing Promise

From every last employee at Turner

As the Owner and President of Turner Roofing, I offer this sincere pledge to you, our valued customer...

- ★ We pledge to construct each new roof with the utmost care and craftsmanship, using quality materials, as if we were roofing our own family's home or business.
- ★ We will strive to make you proud of your decision to choose our company, and confident in recommending us to friends.
- ★ We pledge to stand by our work.
- ★ And, most importantly, we will do everything we can to give you the most value for your money.

As the Owner of Turner Roofing, I'm proud to say we've made this promise more than 20,000 times to area homeowners. And thousands times more to business owners throughout the region. None of our competitors can match the wealth of experience we have at Turner. None can top our proven performance.

But the thing I'm most proud of plain and simple, is this: Each time we've made The Turner Promise, we've kept it. Give us the honor of completing your upcoming roofing project and you have my personal word we'll do the same for you.

Chris Meyer — Owner and President

Protect Your Investment With The Best

COMMERICAL & RESIDENTIAL

You may not realize it, but you've almost certainly seen our work. It crowns thousands of the most well-maintained homes in the area. Old and new. Big and, well, cozy. We pride ourselves on helping homeowners select the right roofing style to best complement and protect their home. As a result, Turner Roofs consistently add curb appeal. An attractive exterior, after all, greatly impacts the market value of your home. Still, we understand a good roof means more than good looks. Equally important are the characteristics you can't see. Like built-in craftsmanship. Long-lasting durability in the face of Oklahoma's turbulent weather and temperature extremes. And the unmatched experience that goes into making every Turner Roof.

THE BEST CHOICE FOR YOUR DOLLAR

Like every homeowner we've had the pleasure of serving, you want the best roof, at the best possible price. One that will protect your investment with superior materials and construction, while delivering the most value along the way. You've come to the right place. Oklahoma's number one choice in quality roofing.

We know what it takes to run a successful business. (We wouldn't be Oklahoma's largest full-service roofing business if we didn't.) You need competitive rates, fast turn-around and, above all, dependable results. That's why Turner Roofing owns and operates its own warehouse, feet of trucks, state-of-the-art equipment, and sheet metal fabrication shop. We do it all, detailed custom work included, in-house. So while other companies are forced to wait on outside supplier and pay their markups, Turner Roofing is busy completing your job as scheduled.

THE RIGHT ROOF FOR YOUR BOTTOM LINE.
